

1 Utilizzo / Application

PRODOTTI da Gruppo Stamplast,
Il paraspigolo in plastica con testa arrotondata, a "T" o a lama, è indicato nel proteggere e rinforzare l'intonaco degli spigoli. La guida in plastica a "T" è una valida alternativa alla versione zincata.

MANUFACTURED by Gruppo Stamplast,
The protection corners with rounded head, "T" or blade, is suitable to protect and reinforce the plaster edges. "T" plastic guide is a good alternative to the galvanized version.
