1. The product specimen was entered for evaluation and type certification on June 9, 2010.
2. The Certificate was issued on the basis of documents provided by the client: contract dated June 4, 2010, Annex no. 13 and ZP AL no. 39 – 8740 SZÚ Brno.
3. The Production Management System evaluation was performed at the product manufacturer concentrating on elements ensuring the continuation of product conformity with certification requirements. The results are stated in the protocol about the initial inspection of the production point no. 150/90/2007.
4. Detailed technical data characterizing the product type/model:

The product is refillable gas piezoelectric lighter with adjustable flame height; it consists of a handle with the gas container and the controlling device. The flame is generated at the end of a metal tube. It is designed for lighting gas stoves, candles etc.

5. The list of important parts of the technical documentation: is stated in the Evaluation Report no. 1411/90/10/BT/IZ/S dated June 28, 2010.
6. Validity conditions
 - The certificate shall only promote its holder, the product and production places mentioned therein.
 - The transmission of this certificate to third parties is inadmissible as well as its use by third parties.
 - TÜV SÜD Czech must be immediately notified about any modifications of the product against the certified design. This fact may make the further continuation of the certificate dependent on the additional examination of conformity.
 - TÜV SÜD Czech shall supervise the proper function of the Production Management system at the manufacturer within one year deadline on the basis of a concluded contract about the controlling activity.
 - This certificate shall apply for the period of five years from the date of issue and is renewable upon request.
 - The certificate shall only be reproduced complete including all annexes.
 - The right to use the trademark TÜV SÜD Czech was established to the certificate.
 - The certificate holder commits to keep records of all relevant complaints concerning the conformity of the products with the requirements of regulations and standards and make those records available to the certification body TÜV SÜD Czech.
 - Not specified items (advertising, use of trademark and certificates) are governed by the General Terms and Conditions for Product Certification, as amended.
